WORK EXPERIENCE

Supply Chain Intern at Labatt Breweries of Canada, Toronto

May 2023 - August 2023

- Assisted in the implementation of process improvement initiatives through the use of process mappings, resulting in increased operational efficiency.
- Created qualified dashboards through Power BI for data analytics and project management optimization.
- Prepared reports and presentations on supply chain performance, highlighting areas for improvement in inventory management and suggesting actionable recommendations.

Logistics Intern at Sideral Linhas Aéreas LTDA, São José dos Pinhais

June 2022 - August 2022

- Coordinated end-to-end logistics operations for a specialized airline, facilitating the seamless transport of Athletico Paranaense players across South America.
- Maintained exceptional attention to detail and effective communication for problem solving tasks and delivered a superior travel experience for players and staff.
- Orchestrated schedules, established transportation links, and secured special clearance to ensure strict and safe arrival times at airports and flight connections.

LEADERSHIP INVOLVEMENT

Co-Founder of Guidance Glove

January 2020 - December 2021

- Pioneered the inception of Guidance Glove, leading a dedicated team in the development of cutting-edge wearable technology that empowers visually impaired individuals by providing real-time detection of obstacles and enhancing mobility and safety.
- Directed the end-to-end product lifecycle, from conceptualization and design to prototyping and manufacturing, ensuring the seamless integration of advanced sensors and alert systems into the glove's ergonomic design.
- Established strategic partnerships with blindness advocacy groups, technology suppliers, and accessibility experts to elevate product efficacy and accessibility, while also spearheading awareness campaigns to drive societal inclusivity for the visually impaired community.

Clean Tech Competition, New York

June 2019 - August 2019

- Developed a prototype for an artificial photosynthesis project to be developed in Lima, Peru.
- Finalist in the Spellman High Voltage Electronics Clean Tech competition in New York.
- Conducted in-depth market research to understand customer needs, identified and addressed product and development challenges, and used a combination of electrical and mechanical engineering to manufacture a functional prototype.

Host of Global Issues Network Conference, Peru

April 2019 - May 2019

- Met with the keynote speakers for the 2019 PeruGin conference, wrote speeches for the conference dates, organized activities and created presentations for the different sessions. Recipient of Global Citizenship Award Peru.
- Actively managed teams of 10+ delegates in the annual Global Issues Network Conference, curating discussions on themes such as poverty, globalization, technology and sustainability, leading to the creation of resolutions for global difficulties.
- Coordinated a 4-day international summit for 200+ delegates from diverse backgrounds, facilitating 1500+ conversations in the event venue.

CERTIFICATIONS

- YOUNGO COP 24 Certified Member - Demonstrates active engagement in global environmental advocacy and sustainable solutions through participation in United Nations climate conferences.
- Official Translator & Voice Actor - Served as an Official Translator and Voice Actor for the Child Health Association in Brazil, effectively conveying health information and promoting impactful messages to a diverse audience.
